Vinfen Visitor and Vendor Protocol
During COVID-19

Effective March 17, 2020: Residential facilities will no longer be allowing visitors until further notice, unless otherwise noted.

Exceptions to this ban include:

1. First responders, including Emergency Medical Services, law enforcement, firefighting and Emergency Management personnel;
2. Family members, domestic partners or other persons designated by an individual only when the facility’s Medical Director, a licensed physician or advance practice registered nurse has determined such patient to be at the end stage of life with death being imminent;
3. Any person authorized by law to investigate the provision of care and services;
4. Service providers who are required to do maintenance or repair necessary without delay for the facility’s continued operation (this includes Vinfen Facilities); and
5. Occupational Therapists, Physical Therapist and VNAs

All visitor exceptions must complete a health screening upon entry. Vinfen reserves the right to prohibit entry into the program for health prevention reasons.
