Welcome

As a Vinfen employee, the health and wellbeing of you and your family are as important to us as the care and support you provide to those you serve. Our mission to be the partner, provider, and employer of choice guides us to ensure that our benefits program meets the needs of our staff and families. Vinfen is also committed to providing a benefits program that provides beyond the key elements of wellness, so that we have a flexible benefits package and a work environment that supports all aspects of your life, including rich opportunities for education, training, development, and growth throughout your career.

Keeping healthcare affordable is challenging due to increases in healthcare costs, and we recognize that we need to take steps to ensure that renewal increases remain affordable for our staff. **For the 9/1/2025 – 8/31/2026 plan year, Vinfen has made adjustments to our prescription benefits in order to keep our Medical insurance plans affordable:**

- Please note that starting 1/1/2026, our medical insurance plans will no longer cover GLP-1 medications when prescribed for weight loss. These medications will still be covered for type 2 diabetes. For more information visit bit.ly/VinfenGLP1FAQ.

SAVING SHOULD ALWAYS BE THIS EASY

You shouldn't have to go out of your way to save money on medications. The Cost-Share Assistance Program provides financial assistance, using coupons from manufacturers of medication, to cover most or all of your out-of-pocket costs for **eligible** medications that you or your dependent may be taking. You don't have to change anything about your prescriptions to get these savings. You just need to be enrolled in the program.

To find out if your medication is eligible, visit the Benefits page of MyVinfen or bit.ly/VinfenRxCostShareMedList.

HOW DO I OR MY DEPENDENT BECOME ENROLLED IN THE COST-SHARE ASSISTANCE PROGRAM?

There are two ways to be enrolled:

1. If you were already using coupons to help cover your costs for medications that you were taking before your plan year began, **you've been automatically enrolled in the program**. PillarRx Consulting, an independent company that administers the program, will call you to confirm your enrollment.
2. If you're not using coupons for an eligible medication at the beginning of your plan year (9/1/2025), or you or your dependent start taking an eligible medication during the plan year, PillarRx will call you to discuss the program and help you enroll.

You can also call PillarRx at 1-636-614-3128 to enroll.

HOW THE PROGRAM WORKS

Fill your prescription

When you fill an eligible medication, a manufacturer's coupon will be automatically applied at checkout.

Enjoy instant savings

You'll pay \$0 to \$35, depending on the medication.

Get personalized, ongoing support

PillarRx checks your claims every month to make sure you're receiving the correct savings, and provides additional support as needed.

Your medication costs will be higher if you or your dependent isn't enrolled.

Enrollment in the Cost-Share Assistance Program is optional. However, if you don't enroll in the program or decide to opt out of it, you'll be responsible for paying 30% of the full retail cost of eligible medications.

Questions?

If you have any questions, call a PillarRx Care Team Coordinator at **1-636-614-3128 (TTY: 711)**, Monday through Friday, 8:00 a.m. to 7:00 p.m. ET.

Hospital Tiering List for BCBS Options (Tiered) HMO

MASSACHUSETTS

Some commonly used Massachusetts hospitals are listed below. Please use the provider search tool at member.bluecrossma.com/fad and select the Network “HMO BLUE NEW ENGLAND OPTIONS V.5” or call 1-800-821-1388 to find out the tier level of other hospitals.

Using national quality benchmarks, as well as plan medical expense information, Blue Cross Blue Shield has placed participating hospitals in their **Enhanced Tier**, **Standard Tier**, or **Basic Tier**. You will pay different cost sharing based on a provider’s assigned benefit tier. When you see participating providers in the **Enhanced Tier**, you’ll pay less. You pay more when you receive services from providers in the **Standard** or **Basic** Tiers.

If you have established relationships with certain doctors, you’ll want to find out what tiers they are in before receiving care from them. Just because doctors are affiliated with certain hospitals, it doesn’t mean that they’ll have the same tier level.

NEW & IMPROVED

Vinfen Health Reimbursement Arrangement (HRA)

If you are enrolled in a Vinfen health insurance plan and have a full-time equivalent pay rate of less than **\$70,000 per year (approximately \$33.65 per hour)***, you and any family members you have enrolled on the health plan are automatically covered under the HRA.

Through the HRA, Vinfen reimburses eligible employees for certain types of out of pocket medical costs. Eligible employees will be reimbursed for up to \$1,000 per family per medical insurance plan year (September 1 - August 31).

To qualify for benefits under the HRA, you or your family member must:

- Be enrolled in a Vinfen health insurance plan
- Have medical bills totaling at least \$500 in a 30-day period after all insurance payments are processed
- Vinfen employee(s) must have a full-time equivalent pay rate of less than \$70,000 per year*
- If you qualify, you will be reimbursed for a maximum of \$1,000 per family per plan year (September 1- August 31). Married couples who both work for Vinfen are only eligible for a combined maximum of \$1,000 per plan year. If the person who received the services is also a Vinfen employee, their full-time equivalent pay rate must also be less than \$70,000 per year*.

In order to be eligible for reimbursement, the bill/service must meet the following criteria:

- The medical service must be medically necessary and covered by Vinfen's health insurance plan.
- The service must be a qualifying service, as defined below.
- All claims (including required documentation) must be filed no later than November 30 for services received during the previous plan year (ending August 31).
- More than one reimbursement per plan year may be made up to the \$1,000 maximum as long as each reimbursement meets the other criteria.
- **You don't need to pay the bill before applying for reimbursement!**

QUALIFYING SERVICES

The following types of service are eligible for reimbursement if other eligibility criteria are met:

- Hospital inpatient services (for example: surgery or maternity)
- Hospital outpatient services (for example: outpatient/day surgery)
- Non-surgical outpatient services (for example: injections, chemotherapy, or cardiac rehabilitation)
- Diagnostic testing and screening (for example: MRIs, EKGs, X-rays, or blood work)
- Diagnostic tests performed at a hospital (for example: gastroscopy, colonoscopy, or sleep studies)
- Physical therapy charges that are subject to a deductible
- Ambulance charges resulting in a hospital admission

*Note: the pay rate maximum is waived for services received from Cape Cod Hospital. All covered employees who incur qualifying out of pocket expenses from Cape Cod Hospital are eligible for the HRA.

For additional information, including a full Summary Plan Description and instructions on how to file a claim, please visit the Benefits page of MyVinfen at bit.ly/vinfenbenefits.

How to Find Your Primary Care Provider (PCP)'s BCBS ID Number

When you enroll in health insurance, it is very important that you provide BCBS's Provider ID number for your PCP and the PCP of any family members you are adding to your plan. ***Without this ID number, BCBS cannot assign your PCP, and if you do not have a PCP assigned, you will only have coverage for emergency services. If you do not have a PCP and wish to temporarily sign up without one, enter "UNKNOWN" in the PCP Name field, and enter the PCP ID Number "700ZP0745." Be sure to call BCBS as soon as you receive your ID cards and select a PCP to ensure that you have full coverage!***

You can get your PCP's Provider ID number by calling BCBS at **800-821-1388**.

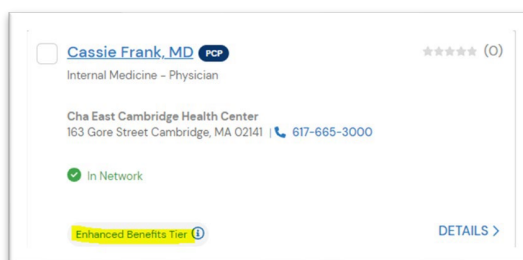

You can also search for your PCP's Provider ID number easily on BCBS's website:

1. Go to member.bluecrossma.com/fad.
2. Enter your PCP's name in the "Doctor, Hospital, or Specialty" box.
3. Click the drop-down under "Network" and choose the "HMO BLUE NEW ENGLAND OPTIONS V.5" option. This will show you which tier your PCP or hospital is in if you are considering the Options (Tiered) Plan.
4. Enter the zip code or city and state where your PCP is located in the "ZIP Code or City, State" box.
5. Click the "Search" button.
6. When the results of your provider search are visible, find your PCP's **Provider ID** by clicking on the provider's name to view more details. Scroll down to the "PROVIDER DETAILS" section and look for the line that starts "PCP." This is your PCP's Provider ID number, which you will need to provide when you enroll:

TIPS:

- If you need to find a new PCP, instead of typing a name in step 2 above, just type "All Primary Care Providers" into the "Doctor, Hospital, or Specialty" box.
- When you are looking at a list of providers in your area, you can filter by whether they are accepting new patients, gender, languages, and many other features. Just look to the left of the list of names for the filters, select the filters you want, and click the blue "Apply Filters" button.
- If you are interested in the Choice (Tiered) HMO, be sure you check to see what Tier your PCP is in. The Tier will show up at the bottom of the provider's listing on the search result page, as highlighted in the screenshot below:

Accident Insurance

Breathe easy with accident insurance for whatever life throws your way

If you suffer from a fracture, dislocation or other covered accidental injury, accident insurance can help offset unexpected medical expenses that aren't covered by your medical insurance. Depending on your policy, accident insurance can help cover expenses resulting from your covered accident like:

- Emergency room visits, X-rays, diagnostic exams, physical therapy and follow-up treatment
- Ambulance or air ambulance to a hospital
- Hospital stays, travel or lodging expenses related to your accident

How Colonial Life accident insurance works

When an accident happens, the last thing you want to think about is how you're going to pay the bills. Accident insurance helps you pay for the medical and out-of-pocket costs that you may have after an accidental injury. Based on your policy, this can include emergency treatment, hospital stays, medical exams and other expenses like transportation and lodging.

Accident insurance policies can provide you with a lump sum payable directly to you that will help pay for a wide range of situations, including initial care, surgery, transportation and lodging, and follow-up care. Here's how it works:

- A set amount is payable based on the injury you suffer and the treatment you receive.
- Benefits are payable directly to you (unless you specify otherwise) and can be used as you see fit.

Colonial Life Voluntary Benefits (continued)

- Coverage is available for you, your spouse and eligible dependent children.
- You do not need to answer medical questions or have a physical exam to get basic coverage.
- Accident insurance covers injuries that happen on the job or off the job, unlike workers' compensation, which only covers on-the-job injuries.
- Benefit payments are not reduced by any other insurance you may have with other companies.

Costs, eligibility and waiting periods before benefits are disbursed vary. Talk with your Colonial Life benefits counselor to learn more about how accident insurance works.

Critical Illness Insurance

Don't let an unexpected illness hinder the life you've built

A critical illness such as a heart attack, stroke or major organ failure can impact anyone, from the least health-conscious to the most fit. Heredity and lifestyle affect your risk factors, but even if you're in perfect health, life can change in an instant. When a critical illness strikes, major expenses often follow. Health insurance may cover some of your medical costs, but not everything. In addition to your day-to-day bills, you could incur costs for treatment and recovery, such as:

- Deductible and co-pays
- Expenses related to out-of-network treatment and additional medical procedures, such as angioplasty and pacemaker implantation
- Travel, lodging and meals during treatment
- Lifestyle changes that may lead to better health, such as gym memberships and smoking cessation programs
- Rehabilitation and home health services
- Child care

Plus, if you have to take a leave of absence or reduce your work schedule to care for yourself or others, expenses and debt can add up quickly. That's where critical illness insurance can help. With a financial safety net in place, you can rest assured that a sudden illness won't jeopardize your finances.

How Colonial Life critical illness insurance works

Colonial Life critical illness insurance helps supplement your major medical coverage by providing a lump-sum benefit that you may use to pay direct and indirect costs related to the most prevalent critical illnesses. Some of the covered conditions include:

- Heart attack
- Stroke
- End-stage renal (kidney) failure

Other serious illnesses are covered as well. Additional coverage options also are available to help pay for health screenings, subsequent diagnoses and cancer vaccines. Talk with your Colonial Life benefits counselor to find out more details and learn how critical illness insurance can help you focus on getting better.

Starting Contributions Early Helps Your Money Grow

When you start contributing towards your 403(b) plan early, you have an advantage: *compounding*. Compounding is a powerful investing concept that involves earning returns on both your original investment and on returns you received previously. It causes your investments to grow exponentially over time, and it means that in general, the longer you have money invested, the more money you earn. So starting early can make a big difference, as in the example below:

Health Insurance Marketplace Coverage Options and Your Health Coverage

Form Approved
OMB No. 1210-0149
(expires 12-31-2026)

PART A: General Information

Even if you are offered health coverage through your employment, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options in your geographic area.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employment-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain cost-sharing, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meet minimum value standards. If your share of the premium cost of all plans offered to you through your employment is more than 9.12%¹ of your annual household income, or if the coverage through your employment does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit, and advance payment of the credit, if you do not enroll in the employment-based health coverage. For family members of the employee, coverage is considered affordable if the employee's cost of premiums for the lowest-cost plan that would cover all family members does not exceed 9.12% of the employee's household income.¹²

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered through your employment, then you may lose access to whatever the employer contributes to the employment-based coverage. Also, this employer contribution -as well as your employee contribution to employment-based coverage- is generally excluded from income for federal and state income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. In addition, note that if the health coverage offered through your employment does not meet the affordability or minimum value standards, but you accept that coverage anyway, you will not be eligible for a tax credit. You should consider all of these factors in determining whether to purchase a health plan through the Marketplace.

¹ Indexed annually; see <https://www.irs.gov/pub/irs-drop/rp-22-34.pdf> for 2023.

² An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Open Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment Period. In general, you qualify for a Special Enrollment Period if you've had certain qualifying life events, such as getting married, having a baby, adopting a child, or losing eligibility for other health coverage. Depending on your Special Enrollment Period type, you may have 60 days before or 60 days following the qualifying life event to enroll in a Marketplace plan.

There is also a Marketplace Special Enrollment Period for individuals and their families who lose eligibility for Medicaid or Children's Health Insurance Program (CHIP) coverage on or after March 31, 2023, through July 31, 2024. Since the onset of the nationwide COVID-19 public health emergency, state Medicaid and CHIP agencies generally have not terminated the enrollment of any Medicaid or CHIP beneficiary who was enrolled on or after March 18, 2020, through March 31, 2023. As state Medicaid and CHIP agencies resume regular eligibility and enrollment practices, many individuals may no longer be eligible for Medicaid or CHIP coverage starting as early as March 31, 2023. The U.S. Department of Health and Human Services is offering a temporary Marketplace Special Enrollment period to allow these individuals to enroll in Marketplace coverage.

Marketplace-eligible individuals who live in states served by HealthCare.gov and either- submit a new application or update an existing application on HealthCare.gov between March 31, 2023 and July 31, 2024, and attest to a termination date of Medicaid or CHIP coverage within the same time period, are eligible for a 60-day Special Enrollment Period. **That means that if you lose Medicaid or CHIP coverage between March 31, 2023, and July 31, 2024, you may be able to enroll in Marketplace coverage within 60 days of when you lost Medicaid or CHIP coverage.** In addition, if you or your family members are enrolled in Medicaid or CHIP coverage, it is important to make sure that your contact information is up to date to make sure you get any information about changes to your eligibility. To learn more, visit HealthCare.gov or call the Marketplace Call Center at 1-800-318-2596. TTY users can call 1-855-889-4325.

What about Alternatives to Marketplace Health Insurance Coverage?

If you or your family are eligible for coverage in an employment-based health plan (such as an employer-sponsored health plan), you or your family may also be eligible for a Special Enrollment Period to enroll in that health plan in certain circumstances, including if you or your dependents were enrolled in Medicaid or CHIP coverage and lost that coverage. Generally, you have 60 days after the loss of Medicaid or CHIP coverage to enroll in an employment-based health plan, but if you and your family lost eligibility for Medicaid or CHIP coverage between March 31, 2023 and July 10, 2023, you can request this special enrollment in the employment-based health plan through September 8, 2023. Confirm the deadline with your employer or your employment-based health plan.

Alternatively, you can enroll in Medicaid or CHIP coverage at any time by filling out an application through the Marketplace or applying directly through your state Medicaid agency. Visit <https://www.healthcare.gov/medicaid-chip/getting-medicaid-chip/> for more details.
